NEEDS ASSESSMENT

Circuit Consulting conducts "Needs Assessments" as a service offering to better understand the dynamics of a school district we are serving.

Our Needs Assessments are conducted by licensed clinicians with extensive clinical and organizational effectiveness experience. Our clinicians work closely with each multidisciplinary team and division of your workplace to ensure that our teams has a thorough understanding of your workplace before recommending specific support services.

To learn more about our Needs Assessment process, please contact: info@circuitconsultingllc.com for a consultation.
